

KHC HEALTHCARE INDIA PRIVATE LIMITED

Completing over 16 years of sustainable journey in the healthcare industry, KHC Healthcare has stimulated the waves of changes in delivering cutting-edge and ground-breaking technologies. It is well-reckoned to provide world-class, pre-sales and post-sales services and support to its clientele in Clinical Diagnostics, Pharmaceuticals and Life Sciences Research space in India with immense cross-selling opportunities. Under the intuitive leadership of Anuj Wahi who is the Vice-chairman and Managing Director, the organization has developed a novel concept of scientific marketing and value-based selling that has been widely accepted in the Indian ecosystem.

Innovation is an indispensable part of the company as it avidly believes that high-quality technology products & services cannot be operated as per the conventional ways of working. Therefore, Business Connect's jury members recognized KHC Healthcare with The Most Innovative Healthcare Solution Provider to Watch in 2022 award. As per Anuj Wahi, their team, customers, and exclusive long-term foreign principals are the key drivers who propel them to move ahead with a steady zeal. 'Kanians' are known to scale their business as per their competitive advantage in the seven distinct areas - Execution, Strategy, People, Science & Technology, Leadership, Customer-Centricity and Operations. KHC is extremely passionate about consistently and relentlessly working hard to cater to the healthcare issues persisting in India. Most importantly, they wish to fill this gap in the most innovative and efficient way- turning the company into a scalable as well as sustainable business model. Business Connect commends KHC's out-of-the-box business philosophy and services in the healthcare space that are accompanied with applaudable CSR activities. We congratulate KHC for being the winner of this prestigious award and wish the organization with exponential growth and success in the upcoming years.
